A matte linen union cushion finished with fine contrast piping and two long exaggerated ties; all cut from the same cloth in two tones. The ties can be bowed, knotted or left loose, giving the cushion its playful edge. Soft and quietly feminine, it brings a considered touch to a room.

Trace is crafted from a cotton and linen union, sourced from a British house that has been weaving the cloth for decades. Chosen for its matte finish and even response to light, the fabric has a soft, understated quality without any shine. A single line of fine piping traces the edge of the cushion, finished with two long ties in a darker tone of the same cloth. Using one fabric in two tones keeps the weight and finish consistent, while giving the design a subtle contrast. The ties can be bowed, knotted or left loose. However they fall, they bring a soft sense of movement to the cushion.

Each cushion is sewn, assembled and hand-finished individually in our Noosa workroom.

Soft Service

Somewhere to look, somewhere to linger.

A collection of cushions serving as the final flourish to any room. Softening the hard line, warming the quiet corner, bringing colour and texture into considered balance. Each is an invitation to sink in, lean back and stay a little longer.

Each cushion is sewn, assembled and hand-finished individually in our Noosa workroom.

Studio Nicholas

Studio Nicholas is an interior design studio crafting considered, contemporary and unique spaces. Based in Noosa, an entirely bespoke approach is taken across residential, commercial and hospitality projects, thoughtfully translating each client's unique vision into breathtaking interiors.

Every project begins with listening – understanding how a space should feel and how it should live. From first sketch to the final detail, Studio Nicholas takes a deeply personal approach to bringing each client's vision to life with every room carefully composed to evoke emotions, serve its purpose and leave a lasting impression through confidence and care.

Studio Nicholas Collections extends the philosophy into a collection of original objects. Each original design is crafted using materials sourced from the world's finest specialist mills and workshops, then finished by local artisans.

CARE

Professional dry clean only.
Do not bleach or tumble dry.
Do not iron directly.
Protect from prolonged direct sunlight.
Plump and rotate regularly.

NOTES

Linen is a natural fibre, and small slubs and variations in the weave are part of its character.
The ties are made to be styled by hand, and will sit differently each time they are dressed.
Keep out of prolonged direct sunlight. Natural linen will fade with long exposure.
